# Quotes from last year's trip

"It was fun because we went and played on a beautiful beach and learnt how to make bread and croissants which was awesome and it tasted even better!"

"In my opinion, I think the ferry was the best part of the trip because you get to go on the deck and see the sea."

"France is an amazing country. The view is very beautiful. I enjoyed going to the bakery because the baker was very funny. I wish I could do it all over again."

"You go to learn about different things in France like making bread, what the people are like and how the French people live. You can compare the differences to our way of living."

# Communication

- Throughout the day, you will be sent groupcall messages to update you on key moments. Ensure the office have your correct details
- Closer to the date, you will be able to access coach tracker which will enable you to track the movement of the coach
