

The Voice of MJS

MANOR JUNIOR SCHOOL
Motivation, Joy, Success!

Autumn
Term 1

Reported
by the
Children

Digital Leaders

Our first assembly went really well. We introduced ourselves and explained what our roles and responsibilities as a Digital Leader will be. We will be learning about staying safe both online and offline. We will also be attending sessions every Wednesday at Lunchtimes and after school. One of the projects is to create leaflets to go out to parents to help guide them and you (the children) about e-safety.

Eco Council

During this half term, your voice, the Eco Council, have had many meetings. We have discussed all of the problems in our school and solutions to make them better.

So far we have achieved our first assembly and we hope to produce more in the future.

The next steps for the Eco Council is to improve our water system and make it available to many more pupils.

We could use your help to make all of this possible.

Health Ambassadors

We are the health ambassadors for this year. On our team we have Aiza and summer in year 3, Zahraa in year 4, in year 5 we have Natalie and Sumaiya and in year 6 we have Chanay and Hamza. Our role is to help the students of Manor Junior School be more aware of the importance of being healthy and how it affects our lives. We want them to be aware that good health is important to our lives however we also want them to learn that it is not just about eating healthy it is also about including exercise in our diets.

School Council

In the school council meetings, we discuss important things that usually happen throughout the school; such as movie night.

We sorted out what movie to watch, we also made the snacks bags.

Also, we discuss the charity 'Willowtree', which is a charity that

provide things for children under 3. We talked about raising money by doing a competitions, like guess how many sweets are in the jar.

For next half term our aim is to minimise the amount of children having unhealthy snacks at break time for example crisps and chocolate. We want to encourage the students to bring healthier snacks for example fruit for break time. Children that have unhealthy snacks will

be asked to have them at home. We at Manor Junior School want to be a healthy school and

we ask everyone: parents, carers and students to help us on our journey.
